

# LITTLE BUSTER TOYS

[WWW.LITTLEBUSTERTOYS.COM](http://WWW.LITTLEBUSTERTOYS.COM)

**LITTLE BUSTER TOYS** was founded in 2008 in Southwest Missouri with the idea that kids want realistic farm toys. With this in mind came little buster toys. We wanted to build toys that were realistic and most importantly durable. As parents ourselves we were always replacing cheap toys, so we decided to build toys for our kids that could withstand some rough treatment. We are dedicated to producing the most realistic products with a wide array of choices. We produce anything from cattle panels to cattle trailers. Top notch products and customer service is our **#1 priority**.
